

# LEFKAS YACHT BASE

## **BOAT LOCATION**

Marina LEFKAS pier "H" The yachts are moored at pier H

## **MARINA INFORMATION**

**Maximum capacity:** 620 berths

**Maximum overall Length:** 40m. (Stern berthing), 45m. (alongside berthing)

**Maximum draught:** 4m.

The high standard of services and facilities to be found at Lefkas Marina, as well as the unparalleled beauty with which the island is endowed, is a guarantee of unforgettable holidays. We hope therefore, that you will be soon visiting us.

The marina, possibly one of the most modern marinas of the Mediterranean, has been operating since 2002. The total capacity is 620 yachts of up to 45 meters in length and 4 meters draught. Moreover, there are dry docking facilities for approximately 280 boats. The infrastructure, the installations, the hospitality and the services being provided by the marina are of a very high standard, satisfying even the most demanding customer.

The marina operates all year round. Approaching the marina, you will receive guidance through the VHF, while the boat and the marina staff will welcome you at your berth. At the Reception Office in the Control Tower of the marina, you will be able to check-in and to be informed about the details of your stay.

## **FACILITIES/SERVICES**

Within the shore area of 70.000 sq.m. surrounding the marina, the guest will encounter a great number of different installations and services, such as a Reception Office (in the Control Tower), offices for the rental of boats, a hotel and a conference centre, a surgery, Port Police office, a laundry, toilets and shower facilities, etc.

Additionally, within the, attractive and perfectly in harmony with the natural surroundings and the architecture of Lefkas, shore area, you will find a shopping centre with a variety of shops including a chandlery, a supermarket, and cafes providing the opportunity to do your shopping or enjoy a meal and a drink with a wonderful view of the boats and the beautiful town of Lefkas.

Within this, in fact, idyllic setting of an artificial island, bridges, canals, quays and areas both paved and with green lawns, several cultural and athletic events take place, as well as exhibitions and concerts.

## **Berthing**

The marina has a mooring capacity of approximately 620 boats, on both permanent and floating pontoons. Distribution of berths is based on the dimensions of the boats. Moorings are available for stay for up to 20 years, and boats up to 45 metres long and with 4 metres draught can be accommodated.

At all berths, electricity is available (220V and 380V) as well as fresh water, while permanent laid moorings guarantee the safety of boats moored here. Off-shore anchoring in the marina area is not permitted, except for short-term in the case of emergency. Upon arrival at the Marina, you should complete the check-in formalities at the Reception Office.

## **Repairs**

The marina offers a full range of technical boat services. There are dry dock facilities for about 280 boats, while a 150-ton travelift, a 70-ton travelift and a 60-ton mobile crane facilitate the man?uvre of boats in and out of water. There are also spacious facilities for the laying-up of boats in a covered shelter. Apart from power washing, painting and other work to the underside of boats, the marina can cover a wide range of maintenance and repairs to do with the boats and their equipment, such as mechanical, electrical and electronic work, carpentry, sail repairs, refrigeration, upholstery etc.

A diver is available for underwater repairs, hull inspection and other tasks. For further information on any kind of repair do not hesitate to contact the marina office. With electricity and water available throughout the marina, our guests can of course carry out their own shore repairs, should they wish to do so. There are also facilities for the laying-up of boats under cover.

## **Reception Office**

The marina is open all year round on a 24-hour basis. The Reception Office, which is at the Control Tower of the marina, is available for any information you may require, will assist you with all arrival formalities and will help you with any problems you might have. Opening hours of the Reception Office vary according to season. You can always call the Office or the Duty Officer on VHF channel 69.

## **Hotel & Conference centre**

The marina's hotel is situated next to the entrance. Exceptional facilities plus a swimming pool await you for a comfortable and luxurious stay.

### **Electricity and Water**

At each berth there are special pillars providing 220 volt and 380 volt electricity and water. The consumption of 380-volt electricity is metered and charged accordingly, and the water provided is potable.

### **Refuelling**

A fuel station is to be found at the entrance of the marina. The friendly and efficient staff will attend to all your needs for diesel, petrol, oil and filters. Facilities for the disposal of biological waste and oil waste are also to be found here. Payment for fuel may only be made at the fuel station. As with any fuel station, safety measures need special attention. When refuelling:

1. Smoking is prohibited.
2. The use of naked flames and spark-producing devices is prohibited.
3. The use of the pumps is restricted to the authorised personnel.

### **Weather Forecasts**

A daily weather forecast will be posted on the Reception Office notice board. You may also request weather information from the office on the VHF.

### **Post Office**

Post boxes for the mailing of letters are to be found in several places throughout the marina. Incoming mail is collected from the Reception Office. The postal address of the marina is:

**LEFKADA MARINA A.E.  
EAST SHORE, LEFKADA 31 100  
LEFKADA – GREECE**

### **Security**

The entrances to the marina are manned by private security guards on a 24-hour basis. Both on and off shore there is constant surveillance by security cameras and by the personnel of the marina, either from the control tower or by means of regular patrols around the pontoons. Safety ladders and lifebelts are located along all the pontoons.

### **Banks**

Banks in the town of Lefkas are open from Monday to Friday 08.00 to 14.00.

### **Shopping**

There are several shops, amongst them a supermarket, a chandlery, souvenir shops etc., which will cover most of your needs.

### **Communications**

Public telephones are to be found in several places in the marina, and at the Reception Office, which also has fax facilities. Urgent messages can be delivered directly to the boats.

### **Working areas for guests**

Fully equipped premises for those guests who may wish to do some work or hold meetings, are available in the marina. Internet access is also available from here.

### **WI-FI**

Wireless internet access is available. Prepaid cards are available at the Reception office.

### **Toilets and showers**

There are three blocks of showers and toilets distributed throughout the marina. They are open at all times except for cleaning times. During these hours we would appreciate your co-operation. Separate toilets are available for those with special needs.

### **Laundry and Drying Facilities**

At the shower and W.C. facility nearest the centre of the marina there is also a fully equipped self service Laundromat and drying facilities. The helpful laundry staff is willing to collect clothing for washing or dry cleaning from your boat and return it.

### **Medical First Aid**

The marina surgery is able to provide first aid and to make arrangements for the proper handling of more serious cases.

### **Means of transport**

The Reception Office can assist you with calling for a taxi and can give you information about bus timetables. Please notice the marina speed limit of 30km.

### **Car parking**

Car and trailer parking for our guests can be arranged under the instructions of the marina management. Please park your cars only at the designated parking areas. Parking of cars on the quayside is not allowed. The marina is not responsible for the loss or theft of items from the vehicles.

### **Rubbish**

Both large and small rubbish bins are conveniently distributed throughout the marina. Please do not leave any rubbish outside the bins and do not throw anything into the sea. There are also special receptacles for the disposal of used oil.

### **Entertainment**

Bars, cafe and restaurants can be found in the marina. There is also a kinder garden.

## **TRAVEL INFORMATION**

How do I get there:

### **By boat**

*Distances from the main Mediterranean ports:*

Piraeus 182 n.m.

Patras 72 n.m.

Igoumenitsa 50 n.m.

Bari 204 n.m.

Brindisi 174 n.m.

Ancona 290 n.m.

Gouvia Marina 70 n.m.

Kalamata Marina 165 n.m.

Zea Marina 180 n.m.

### By air

The quickest way to get to Lefkas is by air, to Aktion airport. There are connections with direct charter flights from most European capitals.

### By car

Lefkas is 385 km from Athens, 420 km from Thessalonica, 180 km from Patra and 100 km from Igoumenitsa. The bridge connecting Lefkas with mainland Greece (toll-free) provides the road access to the island. There are daily bus connections to Athens and Patra, and twice a week to Thessalonica. Those travelling to the island from Italy have a particularly easy journey via the ports of Patra, and Igoumenitsa.

### By ship

When it comes to getting here by sea, there are a number of alternatives. There are daily ferryboats connecting

Corfu with Igoumenitsa, with timetables which change according to the season. Large ferries depart from Patras to Italy (Bari, Brindisi, Ancona, Venice), and vice versa, usually with a stop at Igoumenitsa.
